Does Horse or Rider have any special difficulties or strengths? Write on reverse page if necessary...

What do you most wish to accomplish at this clinic? Write on reverse page.

I will do my very best to group riders according to their ability and comfort zone. Some like to be really challenged while others prefer to consolidate and become more confident at their present level.

PLEASE never allow yourself to be over-faced when riding. It is always preferable to tell your instructor that you are not comfortable at present with a particular situation than to risk getting you and your horse injured. A good instructor will challenge you without frightening you but they cannot always read your mind!!!

Mary is an incredible teacher and will get the very best out of you and you will have fun!

Do you or your horse have any injuries, fears, training issues etc. with which you need help?

Stabling? Limited on-site stabling: Will try and find accommodation locally. Preference given to out of town riders. \$45:00 per night. LQ Trailers welcome \$20. No hook ups.

We will do our best to find a pen or stall if your horse is unhappy about being tied to a trailer. \$20 p d .

Thank you in advance for leaving the stalls as clean as you find them, our riders are always welcomed back next time!

If we need to find a COVERED ARENA there may be a small daily surcharge.

Thank you. Jan Walling cell 940 597 1093 before 8 00pm. Jan@quailrunfarm.net. www.quailrunfarm.net
